### Stay in touch with minimal risk through **contact-free vaccination intake & scheduling**

As COVID-19 continues to impact our communities, pharmacists remain uniquely positioned to administer life-saving vaccinations for protection against influenza and other viruses. Contact-free intake & scheduling through PrescribeWellness is a safe and convenient way to engage patients via an online, appointment-based solution.

#### **Easy-to-use**

Unlock convenience for both your patients and your pharmacy through an accessible, web-based patient portal.

#### **Improved loyalty**

Leverage PrescribeWellness patient communications to engage your patients, and to let them know you are available to help during COVID-19 and the upcoming flu season.

#### **Better workflow**

Streamline your intake and scheduling processes so that you can focus on what matters most - the holistic treatment of patients through life-saving vaccinations.

**No minimum PrescribeWellness software required!**
